'Mall' Closed to Window Shoppers

Interlopers at the "Duxbury Mall" will now have a harder time accessing the town's prized transfer station exchange area.

After receiving complaints from staff and residents, DPW Director Tom Daley asked

selectmen to restrict parking on both sides of Mayflower Street.

"People are parking outside the transfer station on Mayflower Street and then walking in and dumping trash or taking our trash,"

Selectman Andre Martecchini said.

"Apparently, there have been complaints from our residents that they are being cheated," he said.

"They'll have to walk far now to take our trash," Chairman Betsy Sullivan said.

Daley said that people such as consignment shop owners have been walking into the transfer station's "pick area" and taking all the

good objects, leaving junk for the residents.

"Residents have complained to us that it's not fair," Daley said.
